SANTA CRUZ HARBOR CALIFORNIA

CONGRESSIONAL DISTRICT: 14th District, Rep. Anna Eshoo; 17th District, Rep. Sam Farr

PROJECT DESCRIPTION: Provides for maintenance of jetties 850 feet and 1,125 feet long. Maintenance dredging includes an entrance channel 100 feet wide, -20 feet deep and 900 feet long; thence -15 feet deep for an additional 370 feet; an inner harbor channel -15 feet deep, 150 feet wide and 800 feet long; thence -10 feet deep for an additional 600 feet entering a turning basin -10 feet deep, 300 feet wide and 207 feet long, which is the responsibility of the Santa Cruz Harbor District.

FISCAL YEAR 03 BUDGET: \$0

PRESENT STATUS: Using a Corps provided dredge, the Harbor District is responsible for maintenance of the navigation channels until July 1, 2013. The last jetty inspection was completed in FY01.

FUTURE EFFORTS: The next jetty inspection is scheduled for FY03, funds permitting.
